## CAMPAIGN APPROVAL LETTER

### RE: APPROVAL OF FUNDRAISING CAMPAIGN – HOLITEL CENTRE

This letter serves to officially confirm that Holitel Centre, a community-focused small business operating in Lusaka, Zambia, has been reviewed and approved to run a fundraising campaign on the Thandizo Zambia platform.

Holitel Centre has demonstrated a clear commitment to serving the local community by providing affordable groceries, household items, and essential services. The proposed expansion—aimed at increasing stock levels, improving delivery services, and strengthening partnerships with local suppliers—aligns with Thandizo Zambia’s mission of supporting sustainable community development.

After assessing the information submitted, Thandizo Zambia is satisfied that the campaign is legitimate, beneficial to the community, and suitable for public support. We therefore authorize Holitel Centre to raise funds through our platform for the purposes outlined in their campaign documentation.

Thandizo Zambia will continue to monitor the campaign to ensure compliance with our standards of transparency and accountability.

We encourage supporters, donors, and community members to assist Holitel Centre as they work to grow their services and strengthen their impact in Lusaka.
